## Chapter 7

*In this chapter the teachers finally let Ahmet play in the playground. He went to play football with Josie, Michael, Tom and the boy. Everyone thought that he didn't know how to play, but he was amazing! Everyone was happy, until the bully asked to play. The friends said no and he started to annoy them. Because of that a teacher, Mr Iron, confiscated their ball. The children told that to Mrs Chan and she talked to him. After that the teacher gave Josie the ball and left without saying anything.*
